WDLC 1490 AM

Star 96.7 WTSX FM
The Best Mix

December 16, 1996

Phil Greenspan
101 Forge Lane
Marshfield MA 02050

Dear Phil:

I hereby confirm your reception of WDLC at 2342 EST on 3 December 1996.

I'm surprised (shocked, actually) you were able to hear us so far away - our signal doesn't usually carry beyond the Tri-State area (see map) during the day, let alone at night. Thermal inversion, maybe?

We're planning a DX test for sometime this winter. Check with IRCA (International Radio Club of America) for more info.

Also (if you don't already), you should subscribe to the AM DX Newsflash, an E-mail-only newsletter published by Phil Bytheway. Send mail to bytheway@atk.com to subscribe.

73!
